usafilmfest@aol.com

We proudly retain our original AOL mail address, in addition to our site-based addresses. For over two decades, during periods of site maintenance, server outages, overloads, etc., we always have mail access. And that is important to the people we serve — our filmmakers, our membership, and our community.

OFFICE HOURS

The Festival office is open year-round.

Monday - Friday

10:30am - 6:30pm Central time

Summer hours -- Monday - Thursday 10:30am - 5:30pm

The USA Film Festival logo and early graphics were created in 1971 by Stan Richards & Associates (today The Richards Group).

INTERNSHIPS

The Festival accepts college and high school student interns all year round. Hours may be accrued during Festival office hours, Monday-Friday, and at evening programs and events (weekends and week-day evenings).

Internships are unpaid, but the gratitude and perks are abundant. Students may receive school credit for their internships to the 501c3 nonprofit organization.

Interns will learn about public event management, outreach and educational programs, marketing and media, administration, development and fundraising for a nonprofit organization.

Contact the Festival office for more information.

VOLUNTEERS

Volunteers are needed to work at evening programs and events, host visiting filmmaker guests, and to work in the Festival office weekdays. Various jobs available depending on schedule availability and skill level.

High school students may receive credit hours for their volunteer service.

Contact us if you would like to help -- Get ready to be worshipped!

MAILING LIST

Being on our regular "Mailing List" for all year-round programs, special premieres and monthly screenings is a benefit of membership (Please see the "Membership" section of the site for information on how to join the Festival).

PRIVACY POLICY

The Festival respects your privacy. We do not sell, rent or trade our Membership list or your personal information.

Your email and/or personal information is secure with us.
